October Acting Classes

IMPROVISATION

with **AMELIA DAVIES**
Professional Actress and Teacher

In this fast paced, energetic and fun series, students will learn to rely on their own creativity, infuse their characterizations with new rhythms and patterns, learn how to create authentic connections during performance and strengthen their on-the-spot responses on stage, in an audition and in every day life. Plus at least three belly laughs are guaranteed with each class. A small showcase of student growth will be presented at the end of the series. All are welcome to come and play with us.
